### NAZIS RETREAT IN "CONFUSION"

By NATALIA RENE  
(N. S. Staff Correspondent)

MOSCOW, March 10.—Saber-wielding Russian cavalrymen, slashing at some nine German divisions retreating before one of two new Red army offensives in the Ukraine, inflicted heavy losses on the enemy today.

Gen. Rodion Y. Malinovsky's Third Ukrainian Army, which went over to the offensive around the captured Krivoi Rog iron ore center four days ago, already was within 35 miles of the important Nikolayev naval base on the Black Sea. Front line dispatches described the new drive as "in full swing" and said the retreating Germans showed "great confusion."

Adding to this confusion were the Cossack riders who constantly raided the fleeing Nazi columns, causing enormous casualties.

Principal Stronghold

Nikolayev, in addition to being the site of an important naval base, is one of the enemy's principal strongholds barring the way to Rumania. Far to the northwest, another new Red army drive was within 40 miles of the rail junction of Zhitomirka, which also guards the approaches to the Nazi vassal state.

Estimates from the battles areas declared that "more than a million men" were engaged in combat from the Western Ukraine front to the southern sector of the Soviet.

In the fight for Tarnopol, heavy fighting progressed between masses of tanks and infantry. The Russians were said to have made deep penetrations into the city's defenses.

### BERLIN RAIDS SHOW ALLIED AIR POWER

By MAJOR PAUL C. RABORG  
(Written Especially for N. S.)

NEW YORK, March 10.—The tremendous all-out air assault of Berlin by United States bombers and protecting fighters on Thursday, discloses much of intense interest as to a new aerial pattern of attack against Hitler's "Fortress Europe."

First of note is the picking of Berlin by the 8th U. S. A. A. F. as a day target after the German capital has been so shattered by RAF night assaults.

#### Berlin Best Defended

There can be little about that Berlin was the most strongly defended city in Europe against air

### Battle On Subs Makes Progress

More U-Boats Sunk In February Than Allied Ships Is Report

By JOSEPH A. BORS  
(N. S. Staff Correspondent)

WASHINGTON, March 10.—American sea and air forces continued their smashing assaults against German U-boats in the Atlantic today while United States submarines in the Pacific increased their toll of Japan's dwindling supply fleet.

A joint statement by President Roosevelt and British Prime Minister Winston Churchill revealed Friday was the second consecutive month in which more German subs were sunk than the numerical total of Allied ships sent to the bottom by Nazi undersea raiders.

In the Pacific the navy in its latest announcement reported the destruction of 16 enemy cargo and supply vessels in one of the largest bogs announced at one time since the outbreak of war.

#### Lowest Allied Sinkings

Despite the increased flow of supplies to the European theater for the second front, the month of February was the lowest period for Allied ship sinkings since the United States was plunged into World War II.

### MICHAEL MIRON FOUND SLASHED

Union Township Man Expires On Way To Hospital Thursday Afternoon

Michael Miron, aged 29 years, of R. D. 2, Miller avenue, a registrant of County Selective Service Board Two, who was accepted for military service recently, was found badly slashed in his home Thursday afternoon about 4 o'clock. The facts of the fact was made by Miron's brother-in-law, Harry Hartzell, who had gone to the Miron home to deliver a message to Miron relative to employment. A hunting knife lay at his side, with the body in a welter of blood, it is stated.

Pennsylvania Motor police were summoned and they called an ambulance and had Miron removed to the Jameson Memorial hospital, but he was found to be dead on arrival.

Coroner T. F. Nugent was notified and conducted an investigation of the circumstances.

The Miron children, it is said, had been staying at the Hartzell home, where they were ill with measles, and Miron was alone in the home.

Despite the presence of traffic officers at downtown street intersections in the late afternoon, Pa. New notes there is still a lot of "jaywalking" on the part of pedestrians. Some pedestrians are determined to cross street intersections against the traffic signal, it seems.

It appears that a lot of folks are resigned to the fact that the district is in for a siege of belated winter. Following the milder weather of most of the winter, early March has developed some protracted examples of winter. General opinion seems to be that there will be more of the same during the remainder of the month.

## War Plants Given Orders On Deferred Workers Status

NEW YORK, March 10.—(INS)—Executive of 700 New York war plants were warned today that deferred workers subject to the draft must be the first to lose their jobs when layoffs are ordered by the plants.

The new policy, involving deferred workers from 18 to 38, was ordered by Col. Arthur V. McDermott, New York City Selective Service director.

Colonel McDermott said that a large number of war plants had been laying off over-age employees, veterans of the current war, as well as men in 4-F, while men of draft age were allowed to continue work under occupational deferments.

This new policy means simply, the colonel said, that for every man more than 38 laid off, the plant will be "forced to turn over to selective service a man under 38 who holds an occupational deferment."

## Stimson Disavows Any Attempt To 'Smear' MacArthur

WASHINGTON, March 10.—(INS)—Secretary of War Henry L. Stimson today disavowed any War department attempt to "smear" Gen. Douglas MacArthur as a potential presidential candidate and agreed that the Army must avoid distribution of partisan material.

In a letter to Sen. Arthur H. Vandenberg (R) Mich., who charged the department with encouraging circulation of a "smear" article against General MacArthur, Stimson said he would cancel a bulletin listing ten outstanding magazine articles.

## U.C.T. AT CATHEDRAL SATURDAY EVENING

United Commercial Travelers of America, New Castle Council No. 408, will meet Saturday evening, March 11, in the East Lodge room of the Scottish Rite Cathedral.

Selection of officers will take place. This also marks the last meeting of the organization's year. Installing officer will be Past Grand Counselor of Pennsylvania C. A. Brooker.

A social time will follow the program, and refreshments will be served.

## RUSSIAN FORCES ADVANCE TOWARD BLACK SEA BASE

(Continued From Page One)

Other Red army troops worked around the city in an effort to isolate the Nazi garrison.

### New Soviet Drives

One of the new Soviet drives was launched by the left flank of Marshal Gregory Zhukov's first Ukrainian army, which had been marking time northeast of Vinnitsa and Zhermerka. The right wing of his victorious force, meantime, engaged the enemy in heavy street fighting within Tarnopol after capturing the important "hedgehog" of Starokostantynov.

The other Russian steamroller was under the command of Gen. Rodion Y. Malinovsky. His third Ukrainian army, sweeping forward from 18 to 38 miles on a 105-mile front, inflicted "heavy defeats" on nine German divisions—a total of 125,000 troops.

Malinovsky's troops went over to the offensive, forcing the Ingul river after breaking "stubborn" German resistance. Soviet tank crews, together with bayonet-wielding infantrymen and saber-swinging cavalrymen, overcame the added handicap of clinging mud and poor roads to occupy some 200 towns and cut the Dolinskaya-Nikolayev railway.

### Threat to Seaports Increases

Included among these communists were Novi Bug and Zazanica, 35 and 75 miles northeast of Nikolayev, an important naval base at the port of the Bug river. Gorozhany, a scant 40 miles from the key enemy stronghold, fell also.

(The London radio quoting a Moscow dispatch, said that advanced Soviet elements were within 35 miles of Nikolayev. The broadcast added:

"The threat to the Black seaports of Nikolayev and Kherson has sharply increased".

Approximately 8,000 enemy officers and men were slain in the four-day-old offensive, which was launched southwest of the iron ore center of Krivoi Rog.

The other offensive, advancing southwest of Kastan toward Vinnitsa and the main junction of Zhermerka on the Odessa-Lvow railroad, captured Cherepashintsy and some 40 other places. Thus, the Russian spearhead in this sector was but 20 miles northeast of Vinnitsa, which lies the same distance from Zhermerka, the gateway to Rumana.

At this point, the Red army is approximately 80 miles from the Rumana frontier, although on the inactive Nemirov sector the gap is but 33 miles.

citizens for bad news from Rabaul in the near future. The office of war information recorded a Tokyo radio broadcast in which life in the oft-bombed city and its garrisons was described by a Nipponese correspondent as "ghastly and terrible." The Japs there, he said, "no longer care what happens" to them.

### BAILING OUT OF his crippled air transport plane over an Indo-Burmese jungle, Lieut. Stanley W. Akers, 21, above, of Phoenix, Ariz., encountered a wild elephant, which gouged him with its tusks. Akers escaped and made his way to a hospital. (International)

## U. S. MARINES ARE DRIVING FORWARD IN NEW GUINEA

(Continued From Page One)

Marines for bad news from Rabaul in the near future. The office of war information recorded a Tokyo radio broadcast in which life in the oft-bombed city and its garrisons was described by a Nipponese correspondent as "ghastly and terrible." The Japs there, he said, "no longer care what happens" to them.

At this point, the Red army is approximately 80 miles from the Rumana frontier, although on the inactive Nemirov sector the gap is but 33 miles.

The Jap war correspondent added that "Rabaul . . . is exposed to the constant rain of bombs by the United States Air Force, day and night, day after day. We never know when we may hear the explosion of bombs. Even though we stayed in shelters, we had to cover our eyes and ears. When we climbed out of the shelters we would see the incendiary bombs floating down, painting the area a flaming red."

The Jap correspondent deplored the fact that "there are not enough Japanese planes at Rabaul, and as a result we must let the enemy move freely." He quoted a Jap "air hero" as saying: "I often think that perhaps there are no more planes left in Japan and I worry greatly."

The story from the Atlantic provided a startling but welcome contrast to reports from the Pacific which showed that American submarines were continuing amazingly successful forays against Nipponese shipping.

The latest successes boosted to 627 the number of Japanese ships sunk, probably sunk, or damaged by American submarines since the outbreak of war.

The American successes in the Pacific have been hailed by the topmost naval commanders as the main reasons for the slowing down of Japan's war effort in every battle zone.

Maple's statements to officers who investigated his activities involved directly or indirectly the eight other Camp Hale soldiers. Lieut. Garner said the probe revealed the WACs' exchange of notes as a purely incidental matter.

Names of four of the eight soldiers involved by Maple were revealed by Garner. They were:

Pvt. Theophil J. Leonhard of Stonewall, Tex.; Pvt. Paul A. Kissman of Erie, Pa.; Pfc. Friedrich W. Siering of Chicago, and Pfc. Eric B. Hotelling of Mountain Lakes, N. J.

"All, except Hotelling, have made admissions substantiating Maple's accusations as to themselves as individuals, and in most cases their admissions have involved one or more of the others," Lt. Garner said.

"Besides the four men whose names are made public, four other soldiers were implicated, but less seriously, by Maple. Their names are withheld for the present although they are now confined."

Lieut. Garner said the three WACs who pleaded guilty to exchanging notes with the Germans were sentenced to from four to six months in confinement. Names of the two other WACs similarly charged were withheld.

## TRUCKERS STRIKE

PHILADELPHIA, March 10.—(INS)—Approximately 60 truck drivers staged a surprise strike today, tying up sales and deliveries of more than 70 food firms in Philadelphia's Reading Terminal market.

The walkout halted the flow of produce from warehouses and wharves, and stopped all deliveries. Cause of the strike was undisclosed.

### 'MEDICINE' THEME FOR CLUB WRITES MEMBER AT DINNER GATHERING

Reading Circle '06 members met in the home of Mrs. T. C. Armstrong on Croton avenue Thursday afternoon for their March 9th session. The theme centered around the subject "Medicine." Roll call was given with each telling the name of a medicine.

Several fine papers pertaining to medicine were contributed for the program as follows: "Clinical Usefulness Of Plasma" by Mrs. H. C. Mitchell; "Medicine Looks Ahead" by Mrs. M. P. Book; "Surgeons Enter The Ice Age" by Mrs. G. D. Hildebrand; "Penicillin" by Mrs. J. A. Wilson; "The Profile Of Sister Kenny" by Mrs. Ira Alford. In closing, Mrs. T. C. Armstrong read a poem entitled "Ballads Of Bishops." A general discussion ensued.

Members donated as a group to the local chapter of American Red Cross.

Next meeting in two weeks, Mrs. C. J. Streib of Delaware avenue will receive the membership with election of officers taking place.

### MARCH HARE DANCE SATURDAY EVENING

Another in the series of Saturday evening dances sponsored by the Order of the Rainbow for Girls, which will be in the form of a March Hare dance, will be held in the Cathedral Saturday evening for the young people of the community. Several surprises are being planned for the evening.

A floor show will be presented and a group of Rainbow Girls will serve as hostesses with members of the advisory board serving as chaperones.

These dances are proving popular with the younger people of the city and are held as a recreational project by the order.

### THE READING CIRCLE TO MEET AT HARLANS

The Reading Circle members will meet in the home of Mrs. H. D. Hayman, 208 Edgewood avenue, on Monday afternoon, March 13, for their regular session. This is a change from original plans.

## NEED MORE 1944 GARDENS

MARCH, with its vagaries of weather ranging from heavy snows to severe rainstorms and blasting winds, is not likely to stimulate either memories of last year's gardens or plans for this year's.

Yet the colorful, gladsome seed catalogues are "on the market" and stores are filling up with seeds and fertilizers and tools and all the what-nots you'll need to make the 1944 victory garden even more a success than that of 1943.

Many who never tried before, or had not tried for years, discovered last year what an amazing amount of food stuffs can be raised on almost any plot of land through careful planning, proper attention to crops after they're planted—and a deal of hard but healthful work with hoe, rake or cultivator.

And the fact that Uncle Sam is calling for 22 million victory gardens this year, as compared with 18 million last year, proves that the home-front gardening program is more vital to conduct of the war even than it was in 1943. Victory gardens contributed substantially to our last year's food supply and made much easier the tremendous task of feeding a vast army and navy and sending foodstuffs to our Allies. This year the task will be even greater, with conquered territories being added to the lists for food shipment.

March winds to the contrary notwithstanding, now is the time to plan this year's victory garden.

## CONVERSION PLANNING

Release by American military authorities of reports of the enormous supplies of military stores which this country has accumulated at the bases from which the major campaigns of 1944 and 1945 will be projected not only signals a prospect of power drives on the enemy, but warns the American people to look to their domestic production problems.

Many people who have been talking about postwar plans have failed to consider the high probability that unless the country is prepared, it may face a serious unemployment problem long before hostilities cease.

This country already has completed production of some combat equipment. It has curtailed much production because it has produced more than it will need to assure victory, or has moved production to overseas points.

As war factories face cancellations of war orders—and some have been shocked already by the abrupt stoppage of production by military direction—the leadership which is concentrated on preventing unemployment must take over. That job is not the concern of the War and Navy departments.

Materials and capital for conversion to civilian production should be in hand when needed. Plans for the shift should be completed. Available labor and the well-financed civilian demand for goods should be brought together by the cooperation of capital, management and labor.

## READ IT AND WINK

From time to time, as the American forces proceeded with their offensive at various points in the Pacific, it has been reported that U. S. aerial forces persistently unloaded tons of destruction on enemy bases, meeting with only moderate and then dwindling challenge from Japanese pilots thereon stationed to offset the raids.

It has hitherto not unreasonably been assumed that the Japanese aerial resistance was of such inferior or depleted caliber that the Japanese recognized prudence as the better part of valor, in failing to fight back.

But another explanation why such sound strafing failed to get a rise out of the enemy is now unfolded by a Japanese correspondent for *Domei* writing from an unidentified South Pacific base. It rated broadcast from Tokyo. Read it and wink:

"The enemy carried out numerous night attacks against our positions, but not a single Japanese plane left the ground to challenge the attackers. This simply because our pilots were confident the enemy would be unable to hit their objective even if they took careful aim, though there are times when the enemy in dropping their bombs at random managed to hit their objectives."

Even if it were conceded that unchallenged aerial pounding has in all instances been limited to attack by night, it would appear that their viewpoint is that the allegedly confident Japanese defenders had their viewpoint blotted into full oblivion. Broadly speaking, confidence as a substitute for defense coverage is less an umbrella than a parasol. If the Japanese like to believe that American airmen are not aiming any more but merely giving them the works at random, that would be a development not necessarily of a sort to cause consternation in the U. S. A. What interests Americans is the score, which has been uniformly good and is getting better.

## THEY'RE SAYING IT WITH BALLOTS

A political process that must be getting terribly monotonous to Democratic leaders was repeated in Tuesday's special election in Colorado, placing a Republican in a Congressional seat that has been held consistently by Democrats since 1930.

To make it even more difficult for the Democrats to explain away this result, the issue had been clearly drawn. Personalities were not involved. The Republican candidate conducted his campaign on the issue of "Constitutional government versus bureaucratic dictatorship."

He won by 3000 votes in a district, comprising the city of Denver, that had elected a Democrat to Congress by an 8000 plurality in 1942 and that had given Mr. Roosevelt a margin of 9600 votes in 1940, although the state as a whole had gone for Willkie.

The fact that urban votes are concerned here is of added significance because of previous Democratic strength in large cities. The Denver shift to the Republican party follows fast on special Congressional elections in Philadelphia, where a Democratic seat was regained by the Republicans, and in New York, where a Democratic candidate barely squeaked through in a Tammany stronghold.

In one election after another recently the returns have been pronouncedly favorable to the Republicans. Many Democratic politicians, tired of denying that a nation-wide trend is indicated by these results, appear to have reached the stage where they merely bite their nails and place their whole dependence upon the head of the ticket in next fall's elections.

The Republicans in the districts where victories have been won are in the fortunate position of not having to explain anything. The votes are doing the talking.—Philadelphia Inquirer.

## Can't Hide New Deal

WASHINGTON, March 10.—Using the ordinary political measuring rod, you can sit down and figure out that President Roosevelt cannot possibly be re-elected to a fourth term. Surveying the outcome of recent local and congressional elections and studying the trends within racial and religious groups, that is where you come out.

With a bit of sleight of hand at a press conference, the president tried to put the New Deal out of sight and substitute for it Win-the-War. Here in Washington, which is a long way from the polling booths of America, this was taken as a clever political move calculated to advance the fourth term.

## Recent Attempt

But there is evidence from out in the country that many of the staunchest friends of the administration resent the attempt to sweep the New Deal under the bed. These are the people who believed in the New Deal. They believed in Roosevelt; they had convictions; they didn't just vote for a W.P.A. handout.

I wouldn't attempt to say how important they are numerically. But I believe they would take in a large segment of the independent vote that has never tied to machine or party.

The one New Dealer who has stuck to the New Deal line is Henry Wallace. For whatever it may be worth, the latest Gallup Poll showed Wallace with 46 per cent on the question of who should be vice presidential nominee on the Democratic ticket. His only close competitor was Cordell Hull with 21 per cent.

From there the drop was to 13 per cent for James A. Farley, 12 per cent for Senator Sam Rayburn, and 3 per cent for Senator Byrd.

Smart politics can cut both ways. Take for example, the appointment of Will Clayton to be surplus property administrator, a position of tremendous power to shape what our world is to look like after the fighting stops.

## Smart Politics?

F. D. R.'s appointment of Will Clayton was considered here to have been smart politics. It was a bow in the direction of Jesse Jones and conservative Southern Democrats, an effort to give the party conservative coloration in accord with what is believed here to be a decided trend to the right.

Out in the country, however, it is not taken that way. Some very vocal opposition to Clayton has come from the National Farmers Union and it may reflect grass roots opinion in certain states. Compared to the American Farm Bureau Federation, the Farmers Union is small, but it is highly articulate and its leaders are closer to the small farmer than the old guard that bosses the farm bureaus.

Many members of the Farmers Union were helped by the Farm Security Administration. They're fought to save it from the attacks of the Farm Bureau Federation. To them Clayton is the biggest cotton broker in the world. They remember him as a heavy contributor to the American Liberty league.

He is pictured in terms of "big money" and "outside control" of the products and prices of agriculture. It is on this kind of resentment that all left wing movements in the farm belt have relied.

"Subsidies are rumours," cried the senator, "but gimme some for the products of my state."

Draft boards are getting tough. Junior can no longer keep out by buying 200 baby chicks for Mom to feed.

## Election Factors

According to the Farmers Union, these people are asking what the appointment of Clayton means. Will it mean that another Musch Shiosh must be turned back to private industry? Would a T.V.A. be impossible under Will Clayton?

Memory is short, but these people remember that repeatedly it was asserted there would be no need for the power out of T.V.A. And yet without the power if T.V.A. for producing aluminum, the war could not be fought at anything like the rate it is going today.

And then there was the fellow who decided to open a neighborhood moving picture show. It seems he wasn't interested so much in the money he would make, but he thought he'd be able to see his wife and kids more often.

"We shall rebuild a better Berlin," says Goebels. Yes, and a sinking feeling tells us where you'll get the money, as usual.

If he bows at the waist in the Continental manner, he was trained to gentry or trained to get set for spanking.

Actually, of course, political computations as of this moment mean very little. So much is going to happen between now and November 7.

The biggest blow of the war—the supreme test—is still to come. How will Americans react to huge casualty lists? That is only one of many questions to be answered in the ordeal of the coming months. And on the answers more than the outcome of an election will turn.

## Second Child Has Narrow Escape In Cave-In At Pittston

PITTSSTON, Pa., March 10.—(INS)—The danger from further cave-ins in the Pittston area was accentuated today by the narrow escape of a second Pittston child from being buried alive.

At a spot only 300 feet from where Julie Ann Fulmer, 3, was killed by a cave-in Feb. 8, the earth opened up again last night and engulfed Robert Adrian, 7, as he was walking home from a barber shop.

Unlike the Fulmer girl, however, young Adrian was only buried up to his waist and scrambled terror-stricken from the hole as Pittston passersby rushed to his aid.

Meanwhile, across the Susquehanna river in West Pittston, the earth continued to rumble over the coal mine workings beneath, threatening to cause more damage and possible injury. Sixteen homes in a two-block area have been damaged, many of them badly. Most of the residents have fled to safety.

In Forty Fort, representatives of eight mining communities met last night to consider ways and means of ending the continual menace.

## MILLBURN

### ANNUAL DINNER

A chicken supper featured the annual gathering of present and former residents of Mt. Union and Mill Run school districts at Mill Run grange hall on Friday evening. A pleasant time was enjoyed by the 125 persons present. The supper was served by the committee composed of Mrs. F. R. Mun nell, Paul Mun nell, Mr. and Mrs. L. E. Pearson, Mr. and Mrs. D. E. Latshaw, Ernest Wimer and daughter, Eleanor, and Mr. and Mrs. W. F. Mursch. Former residents present were Mr. and Mrs. Lawrence Sterling and niece of Oil City, Mr. and Mrs. Clarence Woods and daughter of Grove City, Mr. and Mrs. W. L. Mayne and children, Miss Mary and Jared Winger of Mercer, and Mr. and Mrs. Raymond Woods and family of Pleasant Valley district.

**MILLBURN NOTES**  
Mr. and Mrs. George Baker and son, Philip, spent the week-end in Knox.

Jane Coryea has returned home from the hospital, where she was a surgical patient.

Millburn grange will have its regular meeting at the hall on Friday evening, March 10.

Stephen Lukacs and family drove to Pittsburgh Sunday afternoon with John Lukacs, seaman 2-c, who was to report to Floyd Bennett field at Brooklyn this week.

Mr. and Mrs. S. M. Auld of Mercer, Mrs. T. C. Buckley Jr. of Chestnut Corners and Mr. and Mrs. Clarence Robinson of Hadley called on Mr. and Mrs. A. W. Weaver during the week.

Callers in the home of Mr. and Mrs. Scott Frankenburg were Mr. and Mrs. Robert Cummings and daughter, Peggy. Robert Gallagher, Mr. and Mrs. Black and son, Mr.

and Mrs. Sewall and Pfc. Homer Steffer, on furlough from Englewood, Calif.

Mrs. Fanny Ebert, Alfreda, Shirley and Lee Ramsey were guests at a shower at the home of Mr. and Mrs. Oscar Rodgers for Mr. and Mrs. Wilson Rust, nee Cora Rodgers, on Saturday evening.

Mr. and Mrs. Harry Anderson and sons, Dale and Sammy, of Indian Run, and Mrs. Donald Minick and daughter, Amy Jean, of Indianapolis, were recent dinner guests of Mr. and Mrs. Orville Anderson.

Mr. and Mrs. S. O. Drake attended a party celebrating the birthday of Mr. Drake's aunt, Miss Amanda Drake, of the Wilmington road, on Friday. Miss Drake was 82 years old. Mr. and Mrs. Jasper Drake of Volant were also guests.

The Ladies' Friendship club will have its March meeting at the home of Mrs. Dorothy Mursch on March 23 instead of March 16, the regular date, in order that the group may have as their guest a State college speaker who will be in the county with Mrs. Boydard that week.

**ALUMINUM LICENSE PLATES?**

PITTSBURGH, March 10.—(INS)—Here's good news for those motorists who find the changing of license plates an ordeal of bruised fingers, rusted bolts and bad temper.

The Aluminum Company of America has announced that an accumulated surplus of aluminum beyond our war needs may mean that post-war automobiles may be equipped with aluminum license plates which are non-rusting and weather proof.

## Scout Training Saves His Life

CHARLEROI, March 10.—(INS)—The training he got as a Boy Scout today was credited with saving the life of 16-year-old Melvin Purcell, Fallowfield township schoolboy who accidentally stabbed himself in the lung when he tripped over a stone.

The boy removed the knife from his chest, fixed a bandage made of lunch napkins and started to run for help.

"I felt like I was going to faint when I remembered I shouldn't run," he said later. "My Boy Scout book said something about panic in an emergency."

So the boy walked to a nearby road, where a bus driver went to his assistance, flagged down a passing car and rushed him to a doctor's office. The doctor commented:

"The boy probably will pull through, although we are quite a bit concerned about pneumonia."

## Collett Seeks To Prove Absence From Crime Area

WASHINGTON C. H. O., March 10—(INS)—James W. Collett testified at his first degree murder trial Thursday that a confession he signed to the slaying of Elmer McCoy "was dictated by two Toledo detectives."

In a two-hour session on the witness stand, the 60-year-old gray-haired farmer told of his actions on last Thanksgiving eve. On that evening the state charges he shot and killed Elmer McCoy, McCoy's wife, Forrest, and their 22-year-old daughter, Mildred, at the McCoy farm home near Washington C. H.

After nine hours of grilling at Toledo's police headquarters, Collett told the jury of nine men and three women that he was "so tired and confused I agreed to sign something."

Previously, the defendant told the court of the automobile trouble he had the night of the slayings, an alibi the defense contends proves Collett was not at the scene of the crimes.

### GETS BABY PICTURES

HOLLYWOOD, March 10—(INS)—Movie star Lana Turner found out for the first time today what she looked like as a baby.

A series of faded snap-shots showing Hollywood's famous sweater girl at the age of two has been received from an old family friend, the M-G-M actress revealed.

They are the first baby pictures that Lana ever saw of herself. The family once had an album full but they were lost when the Turners moved to California during the state's sixth year.

## Hunt For Slayer Of California Officer

LOS ANGELES, March 10—(INS)—A youthful gunman who mortally wounded a California highway patrol officer in front of Hollywood high school and then escaped by kidnapping two women and forcing them to drive him away in their car was the object of a city-wide hunt today.

Highway Patrol Sergeant Forrest Ulmerwood, 37, died in Georgia after receiving hospital a few hours after he was shot in the abdomen by a quick-fingered gunman whom he had attempted to arrest.

## Laundry Company Faces OPA Charges

PHILADELPHIA, March 10—(INS)—The OPA today charged a Philadelphia laundry company with collecting \$3,500 in above ceiling prices for services to Army and Navy trainees at Haverford and Ursinus colleges, Beaver college coeds and several Quaker City hotels.

Nathan Kessier, chief attorney for the rents and services division, filed a petition for an injunction against the Pilgrim Laundry Co., Inc., asserting that the military units were overcharged nearly 300 percent while the excess rates to the civilian students ranged to 200 per cent.

He said the company would later be forced to make a "voluntary contribution" of \$3,500 in excess charges collected since July, 1942, to the U. S. Treasury.

Approximately ten per cent of Missouri's 498 newspapers now are published by women, subbing for husbands and sons in the armed services.

## Man Sentenced To Die May Be Torso Murderer

CLEVELAND, March 10—(INS)—Cuyahoga county Coroner Samuel R. Gerber declared today that there is "very good possibility" that Cleveland's famous torso murderer is Willie Johnson, 37, scheduled to die tonight in Ohio penitentiary's electric chair.

Johnson was convicted of the murder of Marie Wilson whose dismembered body was discovered in June, 1942, in a section of Kingsbury Run which became known as the "workshop" of the phantom slayer of at least 12 persons.

Asked whether Johnson might be the killer, Dr. Gerber declared:

"There is certainly a whole lot of similarity between the murder of Marie Wilson and the other murders. Certainly there is a great possibility that he is."

## Must Redouble U. S. War Efforts

FORT BELVOIR, Va., March 10—(INS)—Lt. Gen. Breton Somervell, chief of the Army Service Forces, warned Thursday on the second anniversary of the ASF that America must redouble its war production effort for "bitter fighting lies ahead."

"Let us not be deluded by the happy thought that the war is won," he declared.

"We have only dented the rim of Hitler's fortress and touched the outskirts of Tojo's empire. We haven't licked them yet. We dare not slacken our efforts. Rather we must redouble them. Victory is never cheaply bought."

## President Says No Differences On Italian Fleet

### No Differences With Churchill Over Disposition Of Fleet Says Roosevelt

WASHINGTON, March 10—(INS)—President Roosevelt emphatically declared today that there is no difference of opinion between himself and Prime Minister Churchill on disposition of the surrendered Italian fleet.

The chief executive stated that what he had to say about cutting Russia in on its share of the Italian fleet units roughly on a one-third basis with the United States and Britain, and what Mr. Churchill had to say on the same subject were both correct.

The trouble has been, Mr. Roosevelt said, that some key words were left out of some published accounts of his recent announcement on disposition of the Italian fleet.

Those words were, he said, "or the equivalent."

In making his announcement that Italian fleet units which surrendered in the Mediterranean to the Allies would be divided roughly on a one-third basis between the U.S., Britain and Russia, the president reminded, he had stated that Russia was entitled to its share and that either they would receive part of the Italian fleet or the equivalent tonnage in vessels from the United States and Britain and that the whole matter was still in the discussion stage.

So, Mr. Roosevelt said, both he and Mr. Churchill were right on the subject and you can't get any controversy out of that, he asserted.

As to what country will supply Russia with needed fleet units and how many ships will be sent and where they will be sent to, the president concluded, all of that of course is a military secret and nothing can be said about it.

## UAW-CIO Members Fired For Part In Wednesday's Riot

DETROIT, March 10—(INS)—The Ford Motor company fired ten UAW-CIO members and suspended ten others today for participating in Wednesday's riot in which 250 men stormed the labor relations office in the aircraft building.

Among those dismissed were six union committeemen, while five committeemen were among those suspended.

Suspensions were ordered "pending further investigation" of the disturbance in which windows were broken, furniture smashed, and company records thrown about. Union officials themselves immediately demanded "drastic and effective" measures against the men who stormed the office.

## Return Of 22,250 Ration Points Is Surprise To O.P.A.

HARRISBURG, March 10—(INS)—Frank J. Loftus, director of the Harrisburg district O.P.A. office, lauded a Shippensburg grocer today for returning 22,250 ration points to his local board.

He revealed that Bruce Hockersmith, an independent grocer, appeared at his local war price and rationing board this week and turned over to Chief Russell L. Bower a certified ration banking check for 22,250 meats-fats points. The check was made out to the Office of Price Administration.

The amazed clerk, requesting an explanation of this "unprecedented" return of so many stamps, quoted Hockersmith as saying:

"When I removed current stamps from consumers' ration books following purchases, I also tore out all expired stamps. I felt that in this way I could stop these coupons from finding their way into the black market."

Loftus explained that although the stamps had expired at the consumer's level, they were still valid for deposit by the retailer in his ration bank account. Thus, Hockersmith could have very easily conducted black market sales, offering meat to the value of at least 22,250 points to customers without accepting ration stamps.

"Mr. Hockersmith's action is most commendable," declared Loftus, "and I want to extend to him the full appreciation of the Office of Price Administration and all the people who faithfully observe all rationing rules."

## 'Surprise' Strike Ties Up Terminal

PHILADELPHIA, March 10—(INS)—Hundreds of truckloads of fruit, produce, fish and meat were prevented from leaving or entering the Reading Terminal market in midtown Philadelphia today when 90 AFL teamsters staged a "surprise" strike.

The action was taken without official announcement from the drivers' union. Local 107 of the International Brotherhood of Teamsters Chauffeurs, Warehousemen and Help, AFL.

The only shipments of foodstuffs permitted to leave the Quaker City's largest stall market were those destined for hospitals or welfare institutions.

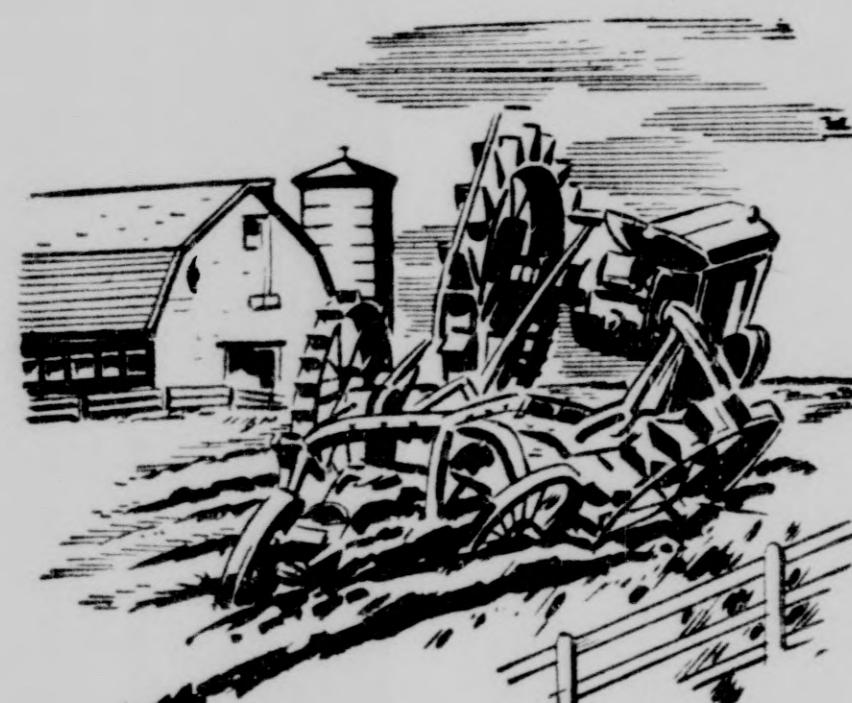

Unofficial reports hinted that the strike had been called to force other employees at the market, including clerks, cashiers, and butchers to become members of the AFL. The C.I.O. holds bargaining contracts for clerks in several of the markets.

## Nurses Aides To Graduate March 23 At Washington High

### Impressive Ceremony And Program To Mark Capping And Awarding Of Service Stripes

Plans are being rounded out for a mass graduation ceremony to take place on the night of March 23, promptly at 8 o'clock, in the auditorium of George Washington Junior high school for the capping of two classes of Red Cross Nurses Aides. A group of ten instructed by Mrs. Lucille King at Jameson Memorial Hospital, and a class of twenty from the New Castle hospital supervised by Mrs. Alice Brunswick having completed the required course of training will receive certificates and caps at this time.

Also other Nurses Aides who have given willingly and freely of their time, will get recognition stripes for hours donated. A general "insight" as to the duties of a Nurses Aide will be illustrated in the unique and entertaining program planned.

Kiwanis Club members are sponsoring this program, in an effort to give an opportunity for New Castle and other residents of nearby and surrounding communities to actually see what is being done by the Red Cross Nurses Aides.

Capping ceremonies have been conducted in the Nurses Homes of both hospitals on previous dates, and due to the overcrowding of friends and relatives, it is necessary to secure a larger auditorium.

A complete rehearsal will be held on Tuesday night, March 21 in the Washington High auditorium at 7 o'clock. C. M. England of the Kiwanis Club states:

#### WAS HIS FACE RED

CENTRALIA, Wash.—(INS)—Centralia Fire Chief Don B. Barner's face became as red as his fire engines when he turned in a false alarm. Barner was testing an auxiliary alarm. The door stuck, he jerked it, tripping the alarm. A few minutes later, the fire department came clanging by to find the culprit.

### HICKORY HGTS.

Mrs. D. Sylvester visited several days last week with her aunt, Mrs. A. Sylvester, of Jennetta.

Mrs. Jonathan Fennick and son, James Stanley, have returned home from the Jameson hospital.

Mr. and Mrs. Harold McClelland and family visited Sunday with Mr. and Mrs. Clair Brown, of New Bedford.

Mrs. J. T. Campbell has returned home after spending the past week with her son, Chester Campbell, of the State road.

Pack 4 Cub Scouts, of which Hickory Heights is a part, and their families will have a tureen dinner at 6:30 this evening at Highland U. church.

Miss Edna Pontius spent Tuesday night at the home of Mr. and Mrs. M. R. Booher, of Volant, and attended the New Wilmington council meeting at Rich Hill church.

The executive committee of the Hickory Heights P. T. A. met at the home of Mrs. Walter Chernyavsky Tuesday evening. After business was transacted, a dainty lunch was served.

Hickory Heights P. T. A. will meet at the school building Tuesday, March 14 instead of the regular evening. Miss Simpson will be guest speaker and will talk about the possibilities of starting 4-H clubs for girls of this vicinity.

T. C. Reichard, janitor of the school, and his wife, are spending several months in Florida. Mr. Reichard has been in poor health for some time. A brother, Carl E. Reichard, of Grove City, is taking over his duties as janitor.

### Grant Charter To Patriotic Group

#### Local Chapter Of Sons Of American Revolution Will Be Instituted Here

Board of Management of the Pennsylvania Society, Sons of the American Revolution, at its regular meeting today granted a charter for the chapter to be instituted at New Castle. The charter membership will remain open for about two weeks at which time officers will be elected. The officers of the State society will receive the new members at the institution dinner meeting to be held at The Castleton hotel early in April.

The Pennsylvania society has the largest number of chapters of any state society and will be host at the 55th Annual Congress of the National society to be held at Harrisburg on May 17-18, 1944.

Many residents of Lawrence county are interested in this oldest and purely patriotic society which requires for membership eligibility and unbroken line from an ancestor who rendered active service in the American Revolution. Edwin B. Graham, secretary and genealogist, 1112-B Investment building, Pittsburgh, Pa., is assisting prospective members who require additional data from the Pennsylvania Archives to prove their genealogy.

**CHILD HEALTH GAIN SEEN**  
LONDON—(INS)—The health of the average child in Britain has improved despite the war, according to Dr. Geoffrey Bourne, just returned from a tour of nurseries, schools and canteens in the Midlands. "In the next generation," he said, "we will get a handsome dividend from certain features of our wartime diet."

### Outfits For 75,000 Greek Children From Red Cross

Complete outfits for 75,000 Greek children have been turned over to the Greek War Relief Association by the American Red Cross, in money value worth over \$1,300,000. Speer Marousis of the local Greek War Relief has been informed.

The garments will go to Greece by a mercy ship and will be distributed to the boys and girls of Greece who are badly in need of clothing. The gift of the clothing follows other charitable gifts of the

American Red Cross to the Greek people. The mercy ship idea was made possible by the Red Cross, food and medical supplies have been sent and the total worth of the contributions of the Red Cross, in money alone, goes into the millions of dollars.

The notice of the most recent gift

came to Mr. Marousis from Spyros P. Skouras, national president of the Greek War Relief Association.

### St. Vitus Sodality Has Lenten Speaker

Miss Rosina McGurk Displays Mexican Paintings, Handicraft At Meeting

Miss Rosina McGurk was the guest attending the Sodality of St. Vitus church Thursday evening in the convent hall. She related in an interesting manner her experiences in New Mexico during Lent a few years ago. Miss McGurk also displayed interesting Mexican handicraft articles and tokens and showed paintings in the Mexican theme, some of them being her own work. She was presented by the Eucharistic committee.

Rev. Fr. Albert M. Inteso, spiritual director, opened the session with meditation and Prefect Frances T. Corio was in charge. For Christ the King was sung and the Eucharistic King gave reports.

The Catholic Truth committee

presented a skit, which emphasized the proper material to read during Lent, and also advocated the reading of the Bible for 15 minutes every day. Those participating in the skit were Catherine and Angelina Miseramari, Rose Boazza and Josephine DeMase.

A tableau, "Highways", scheduled

last evening was postponed due to illness in the cast. The tableau deals with vocations and advocation and was in connection with vocation week, from March 12 to March 19.

Rev. Fr. Albert M. Inteso spoke

and explained "Character Tower and Builder", and copies of these "character builders" were distributed to all Sodalists.

Dora Naples of the Our Lady com-

mittee spoke on the Feast of the Annunciation, celebrated on March 25.

The group will attend the L. C. U. S. meeting on Sunday in St. Lucy's church, and also the Day of Recollection in St. Joseph's church on Sunday, March 19.

General mass intention for March

is for fathers, and the Sodalists

will receive holy communion for

their spiritual director, Rev. Albert M. Inteso. The meeting closed with

the Eucharistic King and the hymn, "Mother Beloved".

April 2 is the next communion

Sunday for the Sodalists at the 7:30

o'clock mass, and April 13 the next

meeting.

American Red Cross to the Greek people. The mercy ship idea was made possible by the Red Cross, food and medical supplies have been sent and the total worth of the contributions of the Red Cross, in money alone, goes into the millions of dollars.

The notice of the most recent gift came to Mr. Marousis from Spyros P. Skouras, national president of the Greek War Relief Association.

Vectographs, aerial photographs which become three-dimensional when viewed through special polarized spectacles, and which can be "shot" by aerial cameras in planes flying 350 miles per hour, have been used in the war against the Japs for over a year, it is revealed.

The garments will go to Greece by a mercy ship and will be distributed to the boys and girls of Greece

**Sergeant Kelly  
Accorded Honor**

Cited By Secretary Stimson  
For Using Mortar Shells  
As Hand Grenades

WASHINGTON, Mar. 10.—(INS)—Secretary of War Stimson announced today that Tech. Sgt. Charles E. Kelly of Pittsburgh, Pa., has been awarded the medal of honor for his feat in using 60-millimeter mortar shells as hand grenades during the fighting at Salerno.

It was the first such award won for fighting on the Italian mainland.

Kelly, an infantry rifleman nicknamed "Commando" by his buddies, killed at least five of the enemy by pulling the safety pins on the mortar shells and using them as grenades after his automatic rifle locked.

During the early days of the Italian campaign, Kelly, a member of the Fifth Army forces at Salerno, volunteered for several patrols which located and neutralized enemy machine gun positions, the citation relates. Later, arriving at an ammunition dump to replenish his supply, Kelly found the Germans were attacking a storehouse on the flank of his regiment's position.

He was given the assignment of protecting the rear of the storehouse and held this position throughout the night. The following morning the enemy attack was resumed.

Corporal Kelly took a position at an open window of the storehouse. One machine gunner had been killed at this position and several other soldiers wounded. Kelly delivered continuous aimed and effective fire upon the enemy with his automatic rifle until the weapon failed from overheating.

Finding another automatic rifle he again directed effective fire upon the enemy until this weapon also locked. At this critical point, with the enemy threatening to overrun the position, Kelly picked up 60mm mortar shells, pulled the safety pins, and used the shells as grenades, killing at least five of the enemy.

The citation said:

When the house had to be evacuated, Kelly volunteered to hold the position until the remainder of the detachment could withdraw.

Kelly is one of seven sons of Mrs. Irene Kelly, 532 Shawano street, Pittsburgh, all of whom are members of the armed forces.

WASHINGTON, Mar. 10.—(INS)—American Army casualties on Thursday were estimated by Secretary of War Stimson at 121,458 killed, wounded, missing and prisoners of war.

The Navy casualties to date are 40,824, making the grand total for the American armed forces 162,282.

The Army's total up to February 23 included 20,592 killed, 47,318

wounded, 26,326 missing and 27,222 prisoners.

Of those wounded Stimson said that 25,291 have been returned to duty or released from hospitals. Of the prisoners, the Secretary said a known total of 1,673 died of disease, mostly in Japanese occupied territory, and he pointed out that the latter figure undoubtedly was higher.

Of the Navy's total there were 17,261 dead, 9,910 wounded, 9,239 missing and 4,414 prisoners.

A breakdown of Army casualties for the various theaters up through January 31, 1944, showed the following dead, wounded, missing and prisoners in the various areas:

Asiatic, 926; central Pacific, 1,

120; European, 13,797; Latin Ameri-

## Clergyman Found Guilty Of Charges Of Beating Wife

UNIONTOWN, Pa., March 10.—(INS)—Attorneys for the Rev. George E. Schott today indicated they would seek a new trial for the clergyman who last night was found guilty of aggravated assault and battery in the beating of his wife, Garnet, with a small baseball bat.

The five-man seven-woman jury deliberated five hours and freed him of charges of assault and battery with intent to kill. The Methodist minister, who held pastorates at Vanderbilt, Jacobs Creek and Wesley Chapel, had pleaded "not guilty" by reason of insanity.

Neither the minister nor his wife was present when the verdict was announced. Mrs. Schott was reported to have left for the home of a sister at Buffalo, N. Y. The clergyman was at a nearby hotel.

During the trial the prosecution claimed the Rev. Schott had so severely maced his wife that he virtually scalped her. She required treatment for 27 lacerations of the head when admitted to Connells-ville hospital last January 4.

### FINDS MANY STRANGERS

LEECHBURG, Pa., March 10.—(INS)—Marine Lieut. Steve Cibik didn't mind battling numerically-superior Japanese on Bougainville Island—but when he returned home to find "so many strange people in the neighborhood" that was a jolt. "I used to know everyone," the 24-year-old hero of the Solomon Islands campaign commented with disappointment. "The town itself hasn't changed—but where are all my old friends?"

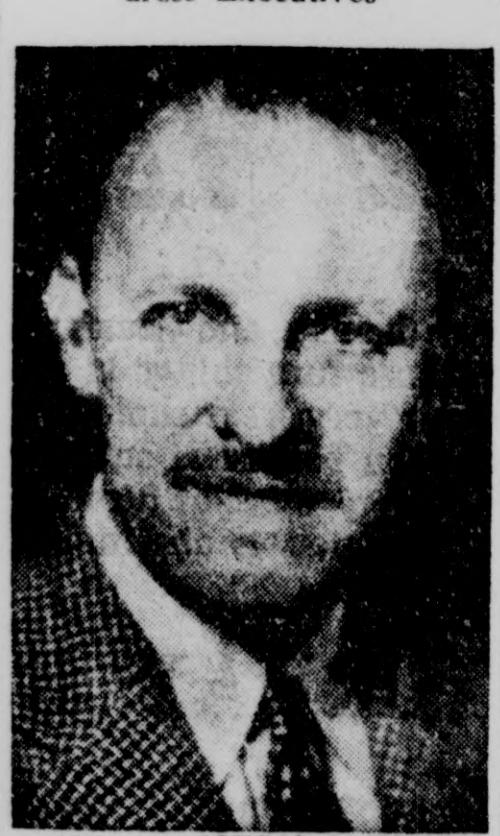

But, he did find two he knew well, after all. They were mom and pop, and that helped a lot.

## British Diplomat Speaks On Monday

Soldier, Aviator, Publisher And Wartime Censor To Address Executives

CAPT. H. COTTON-MINCHIN

Soldier, aviator, book publisher, special assistant to the Prince of Wales, wartime censor and diplomat have been the vocations of Capt. H. Cotton-Minchin, secretary of the British embassy in Washington, who will speak to members of the Executives club at their monthly dinner meeting in The Castleton Monday evening at 6:30 o'clock.

Capt. Cotton-Minchin's visits to the Far East, Middle East, Africa and Europe, and his visits to America, have multiplied his information relating to war and peace between nations. During World War One he was among the first to fly a plane in military combat, and was wounded when his craft was shot down by a direct hit.

Summoned to douse a burning auto, firemen in Baton Rouge, La., were urged by the owner, who was busy trying to get his tires off, to save the rubber and gasoline.

## Report Ramirez Has 'Resigned'

LONDON, March 10.—(INS)—Reuters said today in a Buenos Aires dispatch that Argentine President Pedro Ramirez, who last week delegated his powers to Vice President Edelmiro J. Farrell because of "ill health," has resigned.

It was reported from Montevideo earlier that Ramirez had submitted his formal resignation as president to the Argentine Supreme Court which has refused to recognize Farrell as the South American country's leader.

Following his relinquishment of duties to Farrell, elements of the Argentine fleet, aided by some parts of the army, rebelled briefly in an attempt to return Ramirez to power, but Farrell and Col. Juan Domingo Peron, head of the powerful army colonels clique, soon quashed the uprising.

Reports reaching Montevideo had said that Ramirez was a virtual prisoner in Buenos Aires.

#### DORCAS MEETS

The Dorcas society had an all-day meeting at the church on Wednesday. At noon a delicious chicken dinner was served by the hostesses. Mrs. George Douglass and Mrs. Andy Culver, assisted by Mr. Ed. Mechling. Each guest was presented with a crocheted doily made by the hostesses.

After dinner, a devotional and business meeting was conducted by the president, Mrs. Andy Culver.

#### LEESBURG NOTES

Mr. and Mrs. Aaron Collins, who spent the winter at Mishawaka, Ind., returned and held a public sale at their home Saturday. They spent the week-end with friends here, after which they returned to Mishawaka, where they will make their future home.

Mr. and Mrs. William Flannery of New Castle spent Sunday with Mr. and Mrs. James Flannery.

Frank Wardle served on the grand jury at Mercer this week.

Mr. and Mrs. Marion Murray of Rocky Grove and Russell Hedglin of Mine No. 5 were recent guests of Mrs. Blanche Hedglin.

Mont Crawford was in Youngstown Monday.

Mrs. M. W. Cunningham, Ernest Cunningham and Mrs. Edith Harlan of Harlanburg were guests of Mr. and Mrs. Ralph Cunningham Monday afternoon.

#### OCD NOTES

Some members of the OCD have the impression there will be no more blackouts, according to officers of the local organization. This impression should be cast aside. Blackouts are apt to be ordered any time of the day or night. In fact, during the past two weeks blackouts have been conducted in some bordering states. No one should allow interest to lag in civilian defense affairs, according to the officers. Persons who leave homes at night should always extinguish lights.

Post 6-2, Sampson street, March 21 evening, will hold spring social. Plans for the affair will be arranged at the meeting March 14.

#### LITTLE BEAVER

There was a discussion on "Crops and Soils" at the home of Wayne Walker last Tuesday evening. Frank Bamer, extension agronomist of Penn State college, assisted in the discussion.

## Lack Of Heat In Fire Station Brings Protest

MARCUS HOOK, Pa., March 10.—(INS)—The Marcus Hook fire company No. 1 was making it hot today for the town's rationing board because the fire house isn't hot enough.

The 60 volunteer firemen staged the noisiest protest against rationing ever heard in the community, with screaming sirens and clanging bells as they paraded their apparatus through the streets.

Raleigh Heacock, company president, said the condition was "serious" because without heat, oil in the engines will congeal and the water in the radiators may freeze. William J. Haeberl, fuel oil chairman for ration board No. 9, refused to give him more oil, he said, or even advance oil on coupons which will become valid Monday.

So the shivering firemen keep watching the thermometer and every so often take the apparatus out to warm it up.

## Lieut. Pherson Is Awarded Air Medal

First Lt. Robert L. Pherson, 25, son of Mr. and Mrs. J. L. Pherson, Route 3, Volant, Pa., has been awarded the Air Medal for meritorious flights over Germany and the occupied countries in his Thunderbolt fighter.

Member of Col. Tacon's fighter group now escorting U. S. bombers, Lt. Pherson is also eligible for a "cluster" additional Air Medal citation representing more than 20 missions into enemy territory.

He was a weather forecaster in civilian life and was commissioned March 20, 1943.

## Sgt. Jack Reese Gets Distinguished Cross

Word has been received by Mr. and Mrs. Stanley Reese of 612 Spruce street that their son, Sgt. Jack Reese, radio operator in the air force, has been awarded the Distinguished Flying Cross. Sgt. Reese states that he was quite thrilled when his general pinned the decoration on his breast.

Sgt. Reese has been stationed overseas for over five months, and is now in New Guinea. He has over 250 flying missions to his credit.

## MICKEY ROONEY IS EXPECTED TO BE INDUCTED SOON

LOS ANGELES, March 10.—(INS)—Screen Star Mickey Rooney soon will be inducted into the army, it appeared certain today.

The 23-year-old actor underwent a pre-induction physical examination at the Los Angeles army induction station and although turned down a year ago, emerged fit for "general service."

Rooney, it was understood, qualified for duty in either the army or the navy but specifically asked for assignment to a former branch of the fighting forces. Under selective service regulations he has a minimum of 21 days before induction.

## Fifth Fighter Command Has Noted Record

Brings Down Total Of 1,503  
Jap Planes In Combat  
So Far In War

By GEORGE LAIT  
(U. S. Staff Correspondent)

WITH THE FIFTH U. S. AIR FORCE IN NEW GUINEA, Mar. 10.—The Fifth American Fighter Command with the remarkable record 1,503 Japanese planes downed in combat tucked away in its warbag, looked today toward its 2,500th victory—and foresaw better than 11-to-1, its present score in the offing.

In one of the best records achieved by any fighter command anywhere, the young airmen under Brig. Gen. Paul Wurtsmith traded only 134 American lives in their two years of combat which resulted in destruction of more than one-sixth the enemy's known first line aircraft strength at outset of the war.

### Only 43 Known Dead

Of these American casualties, only 43 are known dead. Others may be missing, and many of these may turn up some day.

The mild-mannered leader, "Squeeze" Wurtsmith of San Antonio, Tex., accepted his unit's latest achievement as a matter-of-fact development—something he knew could be done and something done primarily with the tactics he originated.

"We feel," he said, "that for the relatively small number of fighters we have had, we have set the best record to be established in this war."

Declaring that "we were on the receiving end" in the early days of the war, Wurtsmith added:

### See Bigger Odds

"The kids took us over that hump a year ago this spring. Now our aim is for an even better record—we aren't going to be satisfied with 11-to-1 odds in our favor."

One work—"teamwork"—was the way in which the general summed up the manner in which "the kids" did the job.

"These youngsters learned from

the start that they couldn't get anywhere individually," he explained.

"They've learned to work and fight together, and it's that teamwork which has put us on top."

Wurtsmith has every reason to be proud of the outfit's record of 1,503 enemy known destroyed and 247 other "probably destroyed."

Among the more colorful personalities of his groups and squadrons are Capt. Richard Bong of Poplar, Wis., leading with 25 victories; Col. Neil Kearby of San Antonio, Tex., close behind with 22; Lieut. Col. Tom Lynch of Catawba, Pa., who has 20 Japs confirmed.

Of the command's next mark—the 2,500th tally—Wurtsmith confidently declared:

"It's not going to be hard at all. If we can just get those Japs to come out and fight more often."

## Sen. Vandenberg Charges 'Smear'

Alleges War Department Circulates 'Smear' Article On  
General MacArthur

WASHINGTON, Mar. 10.—(INS)—Sen. Arthur H. Vandenberg (R) Mich., charged in a Senate speech today that the war department has circulated a "smear" article on Gen. Douglas MacArthur and has sent other political literature to soldiers.

He read to the Senate a letter written to Secretary of War Stimson as debate broke out over the conference compromise on the soldiers vote bill.

Vandenberg said a "library bulletin" for February, 1944, issued by the war department, listed among magazines articles available one entitled "Gen. MacArthur—Fact and Legend."

It is described in this official publication as "a comprehensive and objective appraisal of the general as presidential timber, with special reference to the character of his backers and an analysis of his military reputation before Pearl Harbor and after," said Vandenberg.

"We feel," he said, "that for the

relatively small number of fighters we have had, we have set the best record to be established in this war."

Declaring that "we were on the

receiving end" in the early days

of the war, Wurtsmith added:

## Doubt Whether

## Mercer Girl Will

## Come To Trial

MERCER, Pa., Mar. 10.—(INS)—Although she is officially scheduled to appear next week, there seemed to be some doubt today as to whether blonde Janice Graham will actually be brought to trial on an indictment of being an accessory after the fact in connection with the triple slaying on the Everitt Wilson farm last October 7.

District Attorney Edwin C. Moon pointed out that there is a legal question as to whether the 20-year-old girl can be prosecuted as an accessory after the fact without a principal convicted for the killings.

William A. Morell, 20-year-old parolee, has been convicted of manslaughter in connection with the death of Mrs. Helen Wilson, 48, wife of the farm owner. The shotgun deaths of Mrs. Katherine Wilson, 78, mother of the dairyman, and Robert McKay, 70, a farmhand have thus far gone unsolved.

The Mercer county grand jury only last Wednesday refused to indict the girl in connection with the shotgun deaths.

### EXCUSE FAILS

PITTSBURGH, Mar. 10.—(INS)—It was a pretty good excuse, the U. S. commissioner at Pittsburgh conceded today, but not quite good enough.

Eugene Dixon, negro, was ordered held for federal court action on charges of failure to notify his draft board of a change in address after he pleaded the jail in which he was serving a 30-day term failed to supply him with writing materials.

# Invasion Will Bring Some Market Change Says Babson

By ROGER W. BABSON  
Copyright—1944—Publishers Financial Bureau, Inc.

BABSON PARK, Fla., March 10.—Since the slight rise during the first part of January the stock market has moved within a close range. How soon will the market get out of its present rut?

Will stocks have a tendency to move sideways, slide off, or can investors expect a decided advance?

I am definitely bullish for the long-term. At the moment, however, the market is hesitating awaiting the invasion of the continent.

## Invasion Summary

The "second front" is more apt to consist of four invasion spearheads, namely, at the Balkans, at southern France and at Norway. Here again, we run into uncertainties. The only apparent factor is that an invasion will take place. To all intent, the accelerated bombing of Germany is an invasion. In the end, however, it will be the man with the gun who will do the job. How many of these spearheads will be thrown back is unknown. The time factor is also unknown. This last may not even be settled upon by our high command.

However, the necessary troops and equipment are being rapidly massed. The day will surely come when orders will be given for the advance. We can expect more action in the stock market one way or another when this takes place. The enthusiasm generated by the news of a successful land invasion should move stock prices ahead. This first move must then be digested. The following course of the market may then be quite markedly affected by the success or failure of Allied progress in the various invasion theaters.

## Current Factors Favorable For Rise

Prevalent good news would normally make stocks act well. For the most part, the tax bill favors investors. Results of the recent bond drive are gratifying. Some leading corporations have increased dividends. Annual reports show satisfactory results. Money in circulation has reached astronomical heights. Loans on life insurance policies are extremely low. Household mortgages have been greatly reduced. Employment has been well maintained. Salaries and wages have continued high. Brokers loans are very low.

People have been getting out of debt. They are buying their quota of government bonds and at the

Better care is the way to keep your precious appliances on the job and out of the repair shop.

You'll save time and money. Help relieve hard-pressed repairmen. Conserve war-scarce parts.

Guard your appliances well. Give them the care they need. If we can help you in any way, do not hesitate to call us.

same time piling up excess cash. Ultimately, the bulk of this money will go into the stock market. A deferred demand for stocks is accumulating just as is a deferred demand for all sorts of consumers goods. When the majority of investors decide that the time is right to fulfill their desire to own stocks, we may have a boom that will make prices exceed those of 1928-1929.

## Most Investors Are Fickle

Investors are full of hope one day and in the lower ranges of despair the next. Peace stocks have been so touted that many investors became convinced that the European phase of the war would be over in a very short time. They sold their "war babies" and went into peace issues. The establishment of a "second front" did not come when expected. We also experienced some hard fighting in the South Pacific. These same investors then decided that after all World War II was not quite ready to fold up. Hence, they stamped back again into war stocks.

I stick to my forecast that the European phase of the war will not be over until after the November elections. It will then be a long, hard road to Tokyo. Consequently, I never went overboard on peace stocks. I have maintained that the best hedge, whichever way the war goes, is a diversified list of war-peace stocks. These are bound to benefit whatever may happen.

## Best Policy For the Investor

Investors should not be bullheaded. It is sensible at times to take losses in order to free capital headed in the wrong direction. Moreover, remember no one ever went broke taking a profit. Hence, the successful investor must be a good seller as well as a good buyer. Generalship and intelligent staff work are as essential to the management of an investment portfolio as to the success of an army.

Investors should have a definite program based upon the broad trend. This now points upward. When this trend will get under way, however, is closely linked to the invasion time. Even a set program of this nature must be looked at broadly. The investor should also have his funds in stock groups behind the averages rather than in those groups ahead of the averages.

## ROSE POINT

### SOCIETY ELECTS

Mrs. Bernice Forrester of Prospect entertained the Young Ladies Missionary society of the Reformed Presbyterian church in her home Friday evening. The devotions were led by Clara McElwain. Officers elected are: president, Mary Jane Wilson; vice-president, Doris Knight; secretary, Marian Martin; treasurer, Rose Munnell. Refreshments were served by the social committee.

### MISSIONARY MEETING

Women's Missionary society of Oak Grove church met at the home of Mrs. Audrey McClymonds on Thursday. Devotions were led by Mrs. Charles Sherman. Mrs. James Blackwood read a paper on "Evangelism". Last year's officers were re-elected. A tureen dinner was served at noon.

### ROSE POINT NOTES

## Says Millions Of Women In Nation Have Never Voted

WASHINGTON, March 10.—(INS)—A three-day meeting of the advisory board of the National Federation of Women's Republican clubs got underway today on the recommendation that the women voters adopt as their rallying banner the slogan that "the ballot is the civilian's bullet for preservation of our form of government."

The suggestion was advanced by Miss Marion E. Martin of Bangor, Me., who told the board that the ballot is "the only instrument by which the deeply imbedded sentiment against the New Deal can be turned into a rout."

Miss Martin said there are at least 10 million eligible women who have never voted and called upon each federation club member in 40

states to march to the polls this year with at least one hitherto-known non-voter.

G.O.P. congressional leaders and Chairman Harrison E. Spangler of the Republican National committee will meet with the board to discuss the party campaign and legislative plans. An informal dinner meeting for the republic women members of congress was also scheduled for today.

## CHILD SHELTER ASSAILED

NEW YORK—(INS)—Following an investigation asked by Mayor LaGuardia, an official report has denounced conditions prevailing at the children's shelter maintained by the New York Society for the Prevention of Cruelty to Children as "wretched". A committee charges that "the society has failed in its obligations to the children in every aspect of its shelter operation." Incalculable harm to thousands of children entrusted to the society is alleged.

# Agreement May Have Effect On MacArthur's Case

(BULLETIN)

WASHINGTON, March 10—(INS)—President Roosevelt today approved a joint army-navy agreement regulating participation of members of the armed forces in political campaigns, and stipulating that if any member accepted public office he must resign from the army or navy.

The joint agreement was seen to have direct bearing on the possible candidacy of Gen. Douglas MacArthur for the presidency.

The regulations set forth conditions governing both the regulars of the land or naval forces and members of the reserves.

The orders permit a member of the regular components of the land or naval forces to accept a nomination for a public office "provided such nomination is tendered without direct or indirect activity or solicitation on his part." If tendered a nomination under these conditions the regular then can file evidence of his candidacy as required by local law.

Members of the armed forces other than regulars may become candidate for election to public office "without the tender of nomination" and may file such evidence of their candidacy as is required by local law. In either instance, however, any officer accepting a political office would have to resign from the armed forces.

The order sets out two other conditions applicable to both:

1. That the candidacy will not interfere with the performance by the individual concerned of his duties in the land or naval forces.

2. That the individual concerned, if elected, will not at any time, while in active duty status, act in his official capacity as the holder of the office, or perform any of the duties thereof.

## Pattison Named County Assessor

Selected As Chief Assessor At Meeting Of County Commissioners This Morning

John W. Pattison of Union township was named chief assessor of Lawrence county today when the county commissioners met in session in the court house. Mr. Pattison's term will start on April 1 and under the provisions of the Act of 1943 of the General Assembly he will have general supervision of all the assessors of the county.

Four names were presented to the commissioners for selection. Commissioner Joseph F. Travers nominated Charles W. Brenneman of Plaingrove township. Commissioner Karl T. Rohrer nominated John W. Pattison and Commissioner Earl R. Wimer then suggested that the board should consider the names of John W. Cartwright and Henry Golder, each of whom had made application for the petition. On the vote Wimer and Rohrer voted for Pattison and Travers voted for Brenneman. The salary for the new position will be set by the salary board.

The new act covering county assessments calls for a complete new assessment of every piece of property in the county. Rather extensive card index records will be kept and for the purpose of instructing the assessors in the mechanics of the card set-up, Robert O. Boyer of the Remington-Rand company will come to New Castle on Wednesday, March 15.

## Welsh Miners

### Still On Strike

LONDON, March 10—(INS)—Major collieries throughout the Monmouthshire district of Wales remained idle today, with some 100,000 miners on strike in a wage dispute which already has resulted in some similar work stoppages in other areas.

At one Durham colliery 1,000 men went to work, but this represented only an extremely small percentage of the total number involved.

The eyes of the public turned toward a conference, scheduled to be held tomorrow, at which labor leaders and parliament members will explain the government's attitude in the dispute, which revolves about a demand for higher pay for miners. The speakers are expected to urge the miners to return to their jobs and the men will vote on the request Sunday.

Yesterday the walkout, which previously had been confined to Wales, spread to Scotland for the first time.

## Contempt Charge Hearing Delayed

New York Attorney Is Given Until April 14 Before Facing Contempt Charges

By ELEANOR EARLY  
(I. N. S. Staff Correspondent)

NEW YORK, March 10.—Wisecracking heavily, Attorney Edward V. Broderick, relieved until April 14 of pending contempt of court proceedings, lit another cigar in the court house corridor and tilted his derby at a cocky angle.

"I'm not in the least nervous," he told reporters. "I was fined twice before for getting hot under the collar in court, and afterward the judge wanted to give me back my money. It will all come out in the wash, b'yys."

A few moments before, Broderick had stood before Judge John J. Freschi, and heard the judge put off contempt proceedings until the con-

clusion of the Lonergan murder trial, in order not to prejudice either Lonergan or the people.

Broderick is the defense attorney for Wayne Lonergan, former RCAF cadet charged with first degree murderer in the bludgeon-slaying of his pretty wife, Patricia Burton Lonergan, heiress to the Bernheimer brewery fortune.

"My back is bleeding from Hogan's knives" (Dist. Atty. Frank Hogan), but there will be scar tissue by that time, and I'll be here, judge," quipped Broderick.

Judge Freschi bowed. Then Broderick strutting from the court room, proceeded to assure reporters that all is well with him.

"Now, I've got a little extra time to work in the interests of my client," he said, "and I'm not worried about anything."

## FALSE ALARM

City firemen were called to Box 59, Long avenue and Hamilton street, last evening at 9:10 o'clock, when a woman called and stated there was a fire in the neighborhood.

Fire Chief Thomas reported that it proved to be a bonfire, and no damage resulted.

## RALPH CRISWELL ENLISTS IN NAVY

Ralph Criswell, member of the city police department, and a resident of Temple avenue, has enlisted in the U. S. Navy as petty officer, first class. He will leave within the near future for Bainbridge, Va., where he will report for duty. His two sons are in service, one in the Navy and the other in the Army.

Here's a way to save labor and cooking fuel. Don't shine the bottoms of your pans—clean them, yes, but it isn't good to make them glisten. Dull surfaces absorb more heat than shiny ones.

Ouija Board Is  
Now Returning  
To Popularity

CHICAGO—(INS)—The mysteries and complexities of wartime present little worry for Chicagoans.

When will the war end? Will Hitler shave his mustache? How long will it be before steel wool is released to scour the kitchen kettle?

Chicagoans just consult the ouija board for the right answer.

The mystic slates sell out within a week or two after each shipment. Department stores in the city, they returned to popularity about the time the war manpower commission declared fortune tellers non-essential, and their favor has been gaining momentum ever since.

## No. Yes and Good-By

The flat, rectangular, plywood oracle was named by combining the French and German words for "yes." Ghostly figures haunt the jet cardboard box which protects the board. The slate itself is decorated with weird and ghoulish designs. The letters of the alphabet

stretch in a double row from side to side over the numbers 0 to 9. The words "yes" and "no" appear in the upper corners. On the bottom is printed "good-bye".

The only other piece of equipment is the planchette, a disc which rests on three wooden pegs. A piece of heavy cellophane covers the center of the disc and through it a pin is stuck.

## How Gadget Works

To solve a mighty problem, the interroger touches his fingers to the planchette, which rests on his question, "Is rain wet?" Presto! The disc wobbles in the direction of the answer to land on either "yes" or "no".

Women are the best customers for the ouija board, department store sales revealed. From 10 to 50 orders come in daily for boards after stocks are exhausted, delaying for some people the answer to their worst fears and brightest hopes.

## N. Y. BANK ASSETS RISE

The G. I. pught has an international flavor at the moment. Tommy Trinder, one of England's most popular comedians, is just back in this theater after visiting troops in the Mediterranean. Trinder issued this statement:

"Don't insult the men with 'W' cigarettes. (Known to the troops as 'weeds') and antique shows. While in the Mediterranean I saw King Kong and Sunny showing at gar-  
son cinemas.

Recently I made a flying visit to New York. While I was there several night clubs were accused of discriminating against the enlisted men.

Obviously it isn't always the fault of the star that she is railroaded around a camp or an air station by the rank—but the first one who has the guts to insist on joining the show line instead of the officer's mess will make history.

I have been at the Air Force stations a number of times when stars came to entertain. As soon as the personal appearance was over they were quickly whisked off to the Officers' Club photographed with the rank and dined by them.

Occasionally the stars are shown through the enlisted men's mess, where the entertainers are embarrassed at being put in the position of reviewing the men while they eat.

It should be remembered that show time is not feeding time at the zoo.

A great deal of the talent that comes to this theater works hard for the boys. That's what they came for. But some of them, sent without good material, are boring the boys, damaging their own careers.

Raft Mistreated

Recently George Raft arrived in  
this theater by mistake. It is hard to believe that a film star is care-  
lessly set off in the wrong direction, like a letter dropped in the wrong box. But that is what hap-  
pened.

Great publicity was given to his being a Wrong Way Raft but little was said about the fact that he had to take his "shots" here for the North African theater and had a bad reaction to one or two of them.

He was not permitted to do a show here, which left him much criticized by many of the boys, who felt he couldn't be bothered to work so long as he wasn't on The Right Stage.

The truth is, Raft wanted to work here.

There is enough regimentation in a soldier's life without his being herded to see bad entertainment. But if he must take the turkey, he should certainly be given the gravy.

However, that is too often sopped

**MONEYS AWAIT DIVISION**

In the hands of the county treasurer just now there is a large sum of money which has been amassed by the county commissioners in the past few years through the sale of properties. This money belongs to the various political sub-divisions of the county and as of March 1, amounted to \$14,831.17.

The county commissioners are now ready to distribute the money to the proper authorities and as a guess it might be ventured that about 65 per cent of the money will go to the City of New Castle and to the New Castle School District.

At the same time the city has some money lying around which it

has amassed from the sale of properties and a small portion of this belongs to the county. The commissioners want to get the fund distributed but also would like to get the money owed them by the city. It has been suggested that a "swap" of checks upon the same day would take care of everything.

In the rent fund which the county is building up from rents from county owned properties there is \$23,560.79. This money is also to be distributed.

**COUNTY FINANCIAL CONDITION**

As of March 1 the financial condition of the County of Lawrence shows the following picture. In the general fund, which is the fund from which the general operating expenses of the county are paid, there was \$138,531.62. This is about

some money lying around which it

of a year to be carried as a floating balance. This money will be used until July 1st and whatever is left over will be carried into the general fund for 1944.

The institution fund is in good shape, there being \$136,119.54 in it, out of which there has been invested \$30,000 in government bonds. The Sinking Fund amounts to \$97,455.89 of which \$36,000 from the gasoline fund was placed in government bonds to retire the county bonded indebtedness in the next two years. In the gasoline fund there is \$9,799.86, a small sum but explainable because of the investment in bonds.

The gasoline money received are restricted in use to the payment of bonded indebtedness and interest highway damages and bridge repairs. In the years 1939 to 1943 inclusive there has been paid out

of the gasoline or liquid fuels tax fund, \$117,000 in retirement of bonds, \$72,855 interest upon bonds, for construction of bridges, \$75,971.79, for maintenance and repairs of bridges, \$21,669.90 and for property damage along highways, \$73,282.35. The grand total is \$360,779.04 all of which came from gasoline.

Suddenly a strong wind picked up the roofing and the sailor gently wafted the "carpet" and "Sinbad" to the side of a mountain.

# Joe Baksi One-Sided Favorite Over Savold Tonight

## Mauriello Conqueror To Be Tested By Iowan

Scrap Will Prove Whether Ex-Coal Miner Belongs To Top Ranks; Savold Has Edge In Experience And Punch; Scrap 10-Rounder In Madison Square Garden.

By LAWTON CARVER  
I.N.S. Sports Editor

NEW YORK, March 10.—Because of his victory over Tami Mauriello, big and rugged Joe Baksi is a one-sided favorite over Lee Savold, the reformed bartender, in their 10-round heavyweight belting bee at Madison Square Garden tonight. What the odds actually will be when they enter the ring can scarcely be guessed at, for along Jacob's Beach they tell you that New Jersey money will show up in abundance tonight in support of Savold. He is a Jerseyite via transplanting. He sprouted in Iowa.

However, they are not likely to hammer the price down far enough to prevent Baksi from being around 2 to 1, a very fancy figure considering it is based on one fight and a fight that was not a true test. Mauriello was a worried, none-too-well trained fighter when he blew that decision to the Pennsylvania coal miner two weeks ago.

**Underdog Night Again?**

And on all this hangs a tale of possible high finance for few who persist in speculating against the favorites at Madison Square Garden. It has reached the point where the favorite there in the boxing capital and in other spots as well can't somehow surmount the hurdle of being the top dog.

Bob Montgomery at 3 to 1 was knocked out by Bumby Davis; Mauriello at 3 to 1 was beaten by Baksi; Beau Jack at 2 to 1 lost to Montgomery; Sammy Angott at 4 to 1 was beaten by Juan Zurita at Los Angeles for the NBA title. Those four engagements cover the most recent fights held at the Garden and the most important encounter staged elsewhere—the one at Los Angeles.

A \$5 bill parlayed on those underdogs would have returned \$1,200.

It would be just like Savold to mess up this scheme on high finance by refusing to fight Baksi tonight and instead, go running around the ring as though the former coal miner were armed with a pickaxe.

**Savold Better Fighter**

I personally think Savold is a better fighter than Baksi at the moment—when Savold is trying. If he goes in there merely to make some motions or to roar around like a lion for a few rounds then fold up he isn't worth a nickel. Baksi is the kind of a tough, rugged and willing guy who will make him fight or run.

Savold's edge is in his experience and punch. When the notion strikes him he can hit with enough power to flatten any heavyweight. That again brings on the generally apparent fact that if he lands a couple and his man doesn't take a nose dive he is likely to put his hands in his pockets for the rest of the evening.

Baksi is the larger of the two.

**BIG TEN MOGULS MEET IN CHICAGO**

CHICAGO, March 10.—(INS)—Western Conference football coaches agreed unanimously today that there should be a wider base for competition in the gridiron sport after the end of the war.

They recommended to the athletic directors of the conference, meeting with them in Chicago, that in addition to drafting schedules for the varsity teams, regular schedules also should be arranged for B teams and 150-pound teams, along with limited schedules for freshman teams.

**Cavaretta Called; Al Epperly Quits**

CHICAGO, March 10.—(INS)—Phil Cavaretta practically a fixture on the Chicago Cubs, was called to Milwaukee today to take his physical examination at the army induction center there. Although a Chicago resident, Phil was ordered to Milwaukee because of the congestion here.

Cavaretta may not be lost to the Cubs, however, for he has a twice fractured ankle and has suffered from a miasoid condition, which may put him in 4-F.

The Chicago White Sox also had bad news. Al Epperly, pitcher drafted from the San Francisco Seals, sent word he would not report, and that he was giving up baseball for farming. Thurman Tucker, regarded by many as the American league's best defensive outfielder, reported to Sox headquarters that he had passed his pre-induction physical.

**ROGERS IN GEORGIA**

Lieut. Bernard W. Rogers, who as a member of the U. S. Military Academy track team won varsity letters in 1942 and 1943 in the sprints and the mile relay, is stationed at Fort Benning, Ga.

## Michigan Favored To Cop Big 10 Meet

CHICAGO, March 10.—(INS)—The size of Michigan's winning score appeared today to be the only question needing an answer as Big Ten athletes rolled into Chicago for the 34th annual indoor track and field meet in the University of Chicago fieldhouse tomorrow.

A foregone conclusion was the fact that Michigan should win for the second straight year and the ninth in 11 seasons.

## Panthers' Klotz Gloucester Hero

Pittsburgher Helps Traps Japs Attempting To Escape Frontal Attack

The following story was written by Staff Sgt. Joseph L. Alli, of Buffalo, N. Y. Alli is a Marine Corps combat correspondent.

CAPE GLOUCESTER, New Britain, (Delayed)—(INS)—Marine Corporal Lawrence F. Klotz, former University of Pittsburgh football player, took part in one of the most unusual maneuvers of the Cape Gloucester campaign during the battle of bloody point.

He was a member of a machine gun platoon that set up its emplacements in front of assault troops and trapped a group of Japs attempting to escape a frontal attack.

While General Sherman medium tanks pounded Japanese pillboxes, the machine gun unit moved through an unprotected flank, pushed to the edge of an open field and set up its positions.

"When the Japs tried to escape from the pillboxes," the Pittsburgher explained, "they ran right into our crossfire."

Corporal Klotz, a veteran of Guadalcanal, is chief of a machine gun squad, and was in the thick of the action during the fierce four-day campaign that resulted in the capture of the air field.

The 24-year-old giant, son of Harry Klotz, Pittsburgh, let his studies at Pitt to enlist Dec. 26, 1941.

He hasn't killed any Japs during the present campaign, but he got two on Guadalcanal when he knocked out an enemy observation post with hand grenades.

**ZIVIC SEEKING MATCH OR TWO**

PITTSBURGH, March 10.—(INS)—Despite the fact he is scheduled to take his final draft physical examination tomorrow, Fritz Zivic is still looking for a match or two before his formal induction.

The finger which he broke in a bout with Jake LaMotta in Detroit a month ago fully mended. Zivic reported he has been training for the past week in the belief that there'll be enough time between tomorrow and his induction to fight in local circles if nothing better can be obtained.

**Shenango Girls Beat Bessemer**

Shenango high's Girl Reserves posted their second victory of the week over Bessemer's lassies winning yesterday's clash on Shenango floor 32-9.

Sylvia Moore was top scorer for the winners with 19 points. Montgomery featured for the losers.

Last Tuesday at Bessemer, the Shenangoans copped by a 27-10 count.

**Frankie Sinkwich Accepted By Army**

PORT McPHERSON, Ga., March 10.—Frankie Sinkwich, the former All-American footballer and who was discharged from the U. S. Marines last summer, has been accepted for general service in the U. S. Army following a pre-induction exam here yesterday.

He played with the Detroit Lions last fall.

## Pick Navy To Win Wrestling Crown

Nine Teams In Eastern Intercollegiate Tournament Starting Tonight At Lehigh

BETHLEHEM, Pa., March 10.—(INS)—Servicemen will dominate the 40th annual championship matches of the eastern collegiate wrestling tournament which opens tonight with preliminary bouts at Lehigh university.

Wrestlers from nine different teams will weigh in this evening for Army, Columbia, Cornell, Lehigh, Navy, Penn State, Princeton, University of Pennsylvania and Dartmouth.

Two of the strongest teams in the tourney, Army and Navy, have more veterans available from last year's championship matches than any of the other schools. On Army's eighth-man team are five who competed last year at Philadelphia. Navy has four veterans from the '43 tourney, three of them defending champions in their classes and the only titleholders entered in this year's competition.

**Servicemen Plentiful**

Servicemen were almost as plentiful on the other teams, whose rosters were made up largely of navy and marine trainees. Entry lists revealed a sprinkling of civilian students.

Lehigh entered the only all-civilian team in the tournament. Although lacking reinforcement from military trainees, the Engineers managed to emerge from last season's dual competition with seven wins, one loss to Navy and a tie with Princeton. The best score of the season against undefeated Navy was registered by Lehigh at Annapolis.

The Navy team ruled a strong favorite to win.

## St. Mary's Quint Routs Alcoa, 47-21

Hopping ahead in a big second period rally, St. Mary's quint slapped the Aluminum Works five of the Industrial league, 47-21, last night on Catholic Center floor.

Held down to an 8-6 count in the first, the St. Mary athletes popped 16 markers to leave the court at halftime leading by a 24-10 margin. An additional 13 points in the third period crushed any further victory hopes entertained by Alcoa.

Shriver, Daugherty, Korab and Corcey featured for the winners while Thornton and Covell starred for the losers.

**Industrial-Church Races End Monday**

Industrial and Church adversaries play their next to last round tonight on Y. M. C. A. floor First Baptist and St. Lucy's meet in the opening set with the winner moving into second place. The Church loop foes are deadlocked with six wins against three losses. Universals and Aluminum clash in the 8-15 fray with the Epworths battling Third U. P. in the 9-30 engagement.

The field of 148 nominated for the seventh running of the Kentucky Derby on May 6 is the sixth highest in the history of the race. The record of 196 was established in 1928 when there were 196 nominees. The other large nominating fields were: 164 in 1926; 162 in 1927; 159 in 1929; 152 in 1932; 150 in 1930. Of the nominees for the coming Derby, 106 are colts, 30 are geldings, and 12 are fillies. No gelding has won a Derby since Clyde Van Dusen, in 1929, and Regret, in 1915, was the only winning filly. Owners of horses which won previous runnings of the Kentucky Derby, who nominated for the 1944 Derby, were: Belair Stud (William Woodward); 2 nominees; Brookmeade Stables (Mrs. Isabel Dodge Sloan); 2 nominees; Calumet Farm (Warren Wright); 4 nominees; and Green Tree Stable (Mrs. Payne Whitney); 4 nominees. C. V. Whitney, who nominated four horses for the Derby, is the son of Harry Payne Whitney, who sent two winners to the Kentucky Derby post, and whose colors now are worn by C. V. Whitney's jockeys.

## Bucs' Property Man Leaves For Muncie

PITTSBURGH, March 10.—(INS)

Can spring be far behind... George Aston, assistant trainer and head property man of the Pittsburgh Pirates will embark for Muncie, Ind., tonight to put everything into readiness for the beginning of the spring campaign next week.

Meanwhile, veteran Pirate Hurley Rip Sowell arrived in the Steel City to attend the ninth annual Dapper Dan dinner Sunday at which he will receive an award as Pittsburgh's outstanding athlete of 1943.

**Yankees To Start Training Monday**

World Champs Pitch Camp At Atlantic City; 27 Now On Roster

By LAWTON CARVER  
International News Service Sports Editor

NEW YORK, March 10.—(INS)—Come all—contract or no contract.

That's the welcome sign hung out by the New York Yankees as they prepare to open their spring training camp at Atlantic City next Monday. Interpreted to every fan, it means that for the Leafs a win or a defeat for the Boston Braves will place the Toronto club in the playoff competition.

In Chicago, the Montreal Canadiens took a hard fought game from the Blackhawks, 3 to 2. The game was clinched by a fist fight between Doug Bentley and Glen Hartman in which Bentley was knocked unconscious for five minutes and suffered a broken nose.

Tomorrow night the Rangers play the Leafs at Toronto and Detroit encounters the Canadiens at Montreal.

**Bivins Turns Down Thompson Mitt Bout**

CLEVELAND, March 10.—(INS)—Horace Greely notwithstanding, Jimmy Bivins, Cleveland's duration champion of the heavyweights, will not go west.

Bivins today declined a guarantee of \$22,500 for a scheduled bout with Turkey Thompson at Los Angeles on April 1 on grounds that the trip would take him away from his war job.

Bivins, classified as 1-A in the Brodhead-Garrett company, a lumber firm.

**Cut To 27 Players**

The Yankees have a grand total of 30 men on their squad. Of these, Second Baseman Joe Gordon has been called by his draft board and Catcher Roller Hemsley and Rookie Outfielder Russ Derry plan to stay on their farms—cutting the roster to 27. Of these 15 have not signed contracts. The Yankees not only have few men, but those few are liberally sprinkled with sub-par talent as seems to be the case everywhere these days making a wide open American League pennant race seem a virtual certainty.

They have only four outfielders, not more than five infielders, two catchers and a pitching staff which probably will not include Spud Chandler, their ace of last season and now headed for the services. If the Yankees lose a half dozen of the men now on their roster they won't even have a ball club.

Anticipating such an eventuality they are casting about for anybody who is in reasonably good health and unwanted by Uncle Sam. On Monday Manager Joe McCarthy will begin to get an idea of what his champions will look like for the coming race. All hands have been ordered to camp.

The situation is tougher with the Yankees than any one supposed a few weeks ago. Injury to one of two key players, further inroads by the draft or by players deciding to join up or stay in essential industries would strip the club down to the bone.

# Big Ten Track Meet Saturday

CHICAGO, March 10.—(INS)—The Big Ten conference indoor track meet Saturday may launch a stocky little negro on what may become the closest approach yet to the brilliant track and field career of Jesse Owens.

It was exactly nine years ago today that Owens, then an Ohio State sophomore, broke the world's record for the 60-yard dash when he sprinted the distance in 6.1 seconds in the University of Chicago Gehrke house.

Claude "Buddy" Young, a university of Illinois freshman, will use the same race on the same track to start his conference career Saturday.

The flashy Illinois negro will make his Big Ten debut with a triple performance—sprinting the low hurdles and broad jump, and he is favored to win in each event. He is given a good chance to break the conference indoor broad jump record, since he has leaped farther than 24 feet once this winter.

**Herman And Head  
Lost To Dodgers**

NEW YORK, March 10.—(INS)—The hopes of the Brooklyn Dodgers took a nose dive today following the announcement by Branch Rickey that Billy Herman, Bill Lohrman and Ed Head had been lost to the Bums.

Rickey revealed that Herman is in the navy and that Bill Lohrman, a pitcher, will take his physical Monday. Head, who Rickey said he had counted on to be the club's No. 2 pitcher, has passed his physical for the army and is waiting to be called.

Berger was dubbed by Beau Jack last month.

# Committee Weighs Willie Ritchie Blast At Coast Boxing

Tab California Beak-Busting As 'Dirty, Stinking Business'; Free Referee

LOS ANGELES, March 10.—(INS)—The public morals committee of the state assembly today took up charges of Chief Inspector Willie Ritchie that California boxing is a "dirty, stinking filthy business" after vindicating Referee Abe Roth's handling of two Los Angeles bouts at yesterday's meeting.

Roth was publicly commended by Chairman Harold Sawallisch at the close of the day-long hearing for the referee's work in the two fights that prompted the investigation called by Assemblyman John Evans.

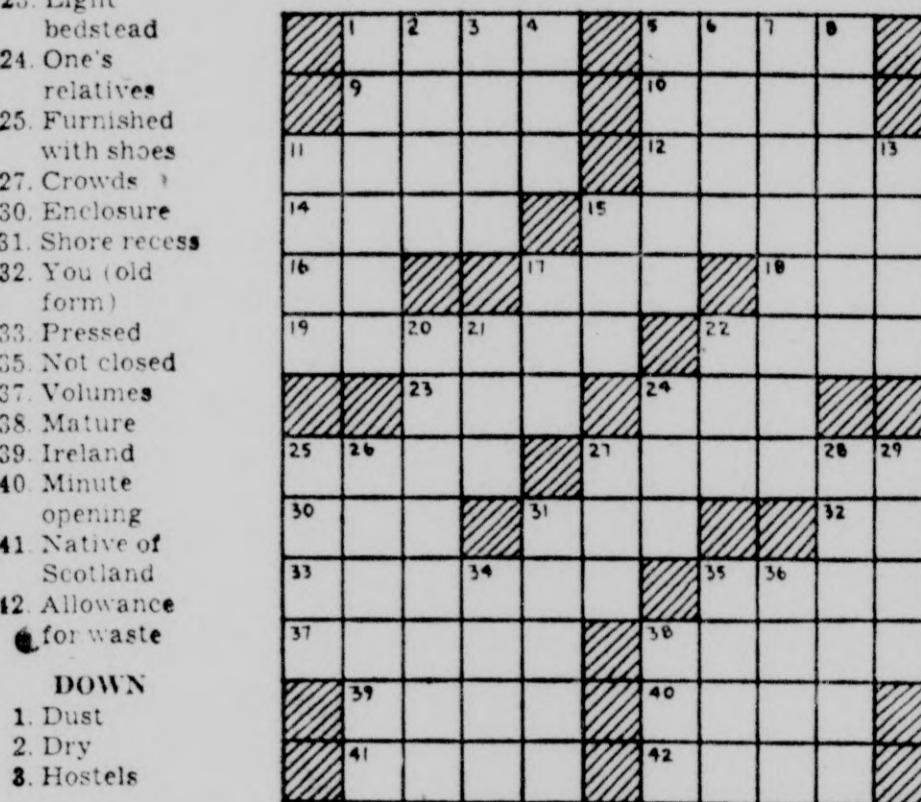

The probe centered around the Malacara-Moore fight at Hollywood Legion Stadium December 3 and the Jones-Rios bout at Olympic Auditorium December 7. Roth refereed both fights.

Malacara was charged with taking a "dive" after the fight and was subsequently barred from the state for life as a boxer. Roth forced him to continue the fight and put forth his best efforts. The officials' decision was a draw.

Evans declared the action of the commission in allowing Malacara to have his share of the fight gate was slipshod and the purse should not have been paid.

## UNDERTONE IN MARKET STEADY

## Gains And Losses Are Small; Trading Moderately Active During Morning

NEW YORK, March 10.—(INS) Firmness in a few issues with good postwar prospects gave way to an undertone to the stock market today, although some recent strong spots continued to encounter profit taking. Gains and losses were small. Trading was moderately active.

Rail equipments, oils, liquors, mail orders and communications were firm, with small gains ruling. Packing shares, strong yesterday, held well, but buying today was less intense. Spiegel was at a new high.

Holding steady at or near last night's close were the rails, farm equipments, amusements and air transports. Chesapeake & Ohio and Great Northern preferred were up large fractions

**Pittsburgh Army  
Nurse Killed In  
Crash In Italy**

PITTSBURGH, March 10—(INS)—Army Nurse Dorothy M. Booth, 22, went bravely to her death in a plane crash in Sicily, her parents learned today, apparently without knowing that her soldier-brother whom she believed killed in an air battle over France had escaped to England.

Dorothy died while helping evacuate wounded fighters from Italy Jan. 25, the war department informed Mr. and Mrs. George Booth, of South Side, Pittsburgh.

Her brother, Lieut. William H. Booth, 27, a navigator, who was shot down, still was missing last December when she last visited her home. A wire reporting him safe arrived the day Dorothy left to go overseas. Although the family tried to relay the good news to her, her last letter, which reached home after her death, indicated she did not know William was alive. He reported escaping with the aid of the French underground.

**Youngstown Man  
Held At Butler  
On Liquor Charge**

HARRISBURG, March 10—(INS)—The Pennsylvania Liquor Control Board reported today that Anthony Julius, of Youngstown, was being detained in the Butler county, Pa., jail in lieu of \$2500 bail on a charge of transporting 30 cases of untaxed whiskey valued at approximately \$1300.

Julius was apprehended by Pennsylvania State Police February 25 at Portersville, Pa., with the whiskey and five pairs of nylon hosiery in his automobile. A board spokesman said the legal section did not know when the case would go to trial.

**BRIEF NEWS  
OVER STATE**

HARRISBURG—Food is the greatest weapon in war, says Gov. Edward Martin, retired major general. "This has always been true," he said, "and it is true in this war than in any struggle in history."

DOYLESTOWN—Sharp contrasts in the way American soldiers live were cited recently by Dr. William Barrow Pugh, chairman of the U. S. special commission on army and navy chaplains. In Greenland they find themselves housed in buildings buried beneath 18 feet of snow and with the temperature 50 degrees below zero, while on the Gulf of Persia they swelter in 145 to 155 degrees of heat.

SCRANTON—When \$75 was discovered in a Scranton mailbox, postal officials had an idea it was not intended for them. Mrs. Pearl Passman had accidentally dropped the money along with some letters. She purchased a war bond upon recovering it at the postoffice.

LANSDALE—It was "fathers' day" at recent pre-induction physical examinations. Out of 122 men accepted for service, 116 had children.

CHESTER—What is reportedly the largest railroad in the world did the biggest business in its history during 1943. M. W. Clement, president of the Pennsylvania Railroad announced that its operating revenue for the past year totaled \$979,773,155.

COLLEGEVILLE—Councilmen were quick to act upon a recent complaint of Collegeville residents. Angry citizens said they were annoyed by half a dozen pigs running wild over their property.

POTTSSTOWN—The problem of a wife concealing her income from her husband at a court hearing was finally solved by Mrs. Ellsworth Nace, of Pottstown, who had filed for support. She wrote the amount of her salary on a paper which was passed around the court, her husband being excluded.

BRISTOL—An ash collector was seen at Bristol emptying an ash can, filling it with papers, lighting them and then stamping upon them. He said he was trying to warm his feet.
